

Contract Negotiations Stalled

Town hall meetings scheduled with call to action!

CAPT's contract negotiations have hit a road block due to the State's unwillingness to treat our members fairly and equitably. CAPT and the State are far apart on the economic issues as well as other significant articles in our contract.

CAPT state officers and consultants will be holding informational meetings at each chapter in the coming weeks to discuss the status of our negotiations and to gauge your resolve and commitment. The meeting dates, times, and locations for each chapter are listed below. We look forward to meeting with you and forging a course of action that will result in a contract that dignifies the work that we do.

If you have any questions, please contact your local chapter.
