

National Nurses Week

May 6-12, 2025

With dignity, hope, and healing, Psychiatric Technicians lead with compassion, strength, and purpose.

Psychiatric Technician Pledge

To uphold the integrity and human dignity of those entrusted in my care, and protect them against humiliation, insult or injury without regard to race, color or creed;

to inspire hope and confidence and give assistance, with understanding and friendliness, in finding realistic and meaningful living;

to continue my development of professional competence by complementing scientific study, improving therapeutic techniques, and maintaining high standards of leadership in the field of psychiatric technology.

California Association of Psychiatric Technicians
